

# AFROJ KHAN

## Full Stack Web Developer

+91 9325004224

afrozkhans3796@gmail.com

India, Nanded

### PROFESSIONAL SUMMARY

Versatile Full Stack Web Developer with a specialization in Front-End Development, offering a proven track record of creating visually stunning and responsive user interfaces. With a keen eye for design aesthetics and a deep understanding of user experience principles, I bring expertise in HTML, CSS, and JavaScript along with proficiency in modern front-end frameworks such as Native JS. Passionate about crafting seamless and intuitive web applications, I am committed to staying abreast of industry trends and best practices. My ability to seamlessly bridge the gap between design and functionality ensures the delivery of user-centric and high-performance web solutions.

### EDUCATION

2021 - Now

#### Bachelor in Computer Science

SRTMUN / India, Nanded

### EXPERIENCE

2021 - Now

#### Co Founder and Frontend Developer / India, Nanded

- Co-founded and played a key role in establishing Domocktest.com, an online mock test platform for 12th-grade students preparing for NEET, JEE, MHTCET, and programming assessments.
- Led the design and development of the platform's frontend, ensuring a seamless and visually appealing user experience.
- Collaborated with the development team to integrate frontend components with backend systems, optimizing performance and responsiveness.

### PROJECTS

#### My Portfolio

Explore my portfolio at [https://afrojkhan01.github.io/Afroj\\_Portfolio.github.io/](https://afrojkhan01.github.io/Afroj_Portfolio.github.io/) to witness a fusion of creativity and coding prowess. Crafted with HTML, CSS, and JavaScript, this dynamic showcase reflects my dedication to clean design and interactive functionality. Seamless navigation guides you through a collection of projects, each with its own story and technical insights. Responsive across devices, my portfolio invites you to delve into a world where form meets function.

#### Projects

- **Bike Selling Responsive Website**
- **Hospital Appointment Booking Responsive Home Page**
- **NFT Selling Responsive Landing Page**
- **Pixel Lab Responsive Landing Page**
- **Random Password Generator**
- **Quiz Web Application**

Numerous projects from above are hosted and can be viewed through my portfolio. Additionally, the source code for all projects is available on my GitHub account, providing an opportunity for a closer examination. Feel free

## AWARDS

---

- Gold Medallist of TechnoCase 2024 (A State Level Case Study and Programming Competition)

to explore these hosted projects to witness their functionality, and check out the details of the code on GitHub to get a full picture of my coding skills.
